**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

With on-going internet interactions, having a connection is pretty vital. I live in a remote location and most providers are nonexistent. Using large internet companies have slowed the connection rate and customer satisfaction. Letting a monopoly in this field only reduces the competitiveness and reliability. Please consider a vast community of people that do not live near cities with choices. Thank you.
